

## Demagnetizers

- Input voltage 220 Volts AC.
- With On-Off switch.
- Quickly demagnetizes tools, drills, punches, dies etc.
- Parts are demagnetized by drawing across surface.
- Guaranteed for 3 months.

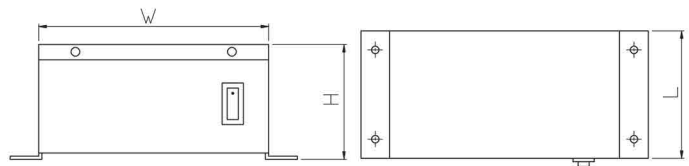

Demagnetizer one way only

VDM-11

\*If operated ↔ item will be magnetized.

VDM-11

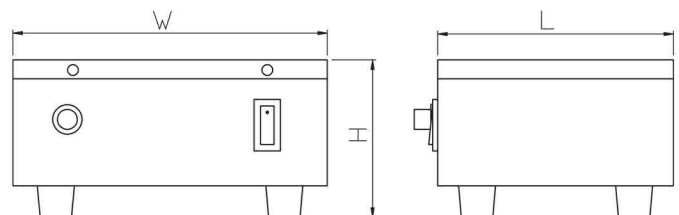

Demagnetizer one way only

VDM-68

\*If operated ↔ item will be magnetized.

VDM-68
